President of Janacek Construction with
the 2008 Builder of the Year Award.

**Janacek Construction Voted Builder
of the Year by NWAHBA**

Rogers, AR – Tim Janacek of Rogers,
AR, was voted “Builder of the Year” by the membership of Northwest Arkansas Home
Builders Association. Janacek, president of Janacek Construction, a 21-year-old building
and remodeling firm, qualified for this achievement in a number of ways, including his
overall professionalism, quality of workmanship, work and business ethics, community
service and service to the NWAHBA.

His professionalism, ethics and construction quality are reflected in the over 230 projects
his company has completed this year alone. A believer in continuing education, Janacek
chairs the NWAHBA Education Committee where he encourages other builders to earn
professional designations and is working with Arkansas HBA to bring new course
offerings to this area. Personally, Janacek holds several professional designations; He
became the first Certified Graduate Remodeler (CGR) in Northwest Arkansas and is one
of only three in the state. He is the only active Master Graduate Builder (GMB) in the
state. Additionally, so that he can be of assistance to older clients, Tim is a Certified
Aging in Place Specialist (CAPS). He is also a certified window and door
“InstallationMasters™” installer.

Community minded, Tim is a leader for the Boy Scouts of America Troop 777, the
Razorback District and Westark Area Council. Tim has also been active in a number of
building-related charities; Through his church, he assisted in organizing the “Carpenters

for Christ” campaign to help the victims of the Oklahoma City tornado. He also served as a “House Captain” for Rebuilding Together, helped with two Extreme Home Makeovers and built two playhouses for CASA’s (Court Appointed Special Advocate) *Project Playhouse*. His 2008 playhouse won “People’s Choice Award” for its unique design and its sale raised over \$10,000 for that non-profit.

Janacek Construction routinely handles kitchen and bath remodels, room additions, deck and garage construction and ground up custom home construction. Janacek Construction of Rogers serves all of Northwest Arkansas. For more information visit their web site at www.janacekconstruction.com or call 479-621-0565.
